ATTORNEYS AT LAW

NEW YORK • CALIFORNIA • LOUISIANA

FIRM RESUME

Visit our web site at www.blbglaw.com for the most up-to-date information on the firm, its lawyers and practice groups.

Bernstein Litowitz Berger & Grossmann LLP, a firm of over 50 attorneys in offices located in New York, California and Louisiana, prosecutes class and private actions, nationwide, on behalf of individual and institutional clients. The firm's litigation practice concentrates in the areas of securities class actions in federal and state courts; corporate governance litigation, including claims for breach of fiduciary duty and proxy violations; antitrust; prosecuting violations of federal and state anti-discrimination laws and vindication of employee rights; and consumer class actions. We also handle, on behalf of major institutional clients and lenders, more general complex commercial litigation involving allegations of breach of contract, accountants' liability, breach of fiduciary duty, fraud, and negligence.

We are the nation's leading firm in representing institutional investors in securities fraud class action litigation. The firm's institutional client base includes the New York State Common Retirement Fund, the California Public Employees Retirement System (CalPERS), and the Ontario Teachers' Pension Plan, the largest public pension funds in North America, collectively managing over \$300 billion in assets; the Los Angeles County Employees' Retirement Association (LACERA); the Chicago Municipal, Police and Labor Retirement Systems; the State of Wisconsin Investment Board; the Retirement Systems of Alabama; the Connecticut Retirement Plans and Trust Funds; the City of Detroit Pension Systems; the Houston Firefighters' and Municipal Employees' Pension Funds; the Louisiana School, State, Teachers and Municipal Police Retirement Systems; the Public School Teachers' Pension and Retirement Fund of Chicago; the New Jersey Division of Investment of the Department of the Treasury; TIAA-CREF and other private institutions; as well as numerous other public and Taft-Hartley pension entities.

Since its founding in 1983, Bernstein Litowitz Berger & Grossmann LLP has litigated some of the most complex cases in history and has obtained over \$20 billion on behalf of investors. Unique among its peers, the firm has negotiated the largest settlements ever agreed to by public companies related to securities fraud, and obtained five of the ten largest securities recoveries in history.

As Co-Lead Counsel for the Class representing Lead Plaintiff the New York State Common Retirement Fund in *In re WorldCom, Inc. Securities Litigation*, arising from the financial fraud and subsequent bankruptcy at WorldCom, Inc., we obtained unprecedented settlements from the investment bank defendants who underwrote WorldCom bonds totaling more than \$6 billion, the second largest securities recovery in history. Additionally, all of the former WorldCom Director Defendants agreed to pay over \$60 million to settle the claims against them. An unprecedented first for outside directors, \$24.75 million of that amount is coming out of the pockets of the individuals—20% of their collective net worth. Also, after four weeks of trial, Arthur Andersen, WorldCom's former auditor, settled for \$65 million. In July 2005, settlements had been reached with the former executives of WorldCom, bringing the total obtained for the Class to over \$6.15 billion.

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

The firm was also Co-Lead Counsel in *In re Cendant Corporation Securities Litigation*, which settled for more than \$3 billion in cash. This settlement is the largest ever recovered from a public company and a public accounting firm and includes some of the most significant corporate governance changes ever achieved through securities class action litigation. The firm represented Lead Plaintiffs CalPERS, the New York State Common Retirement Fund, and the New York City Pension Funds on behalf of all purchasers of Cendant securities during the class period. In 2006, the firm also recovered over \$1.3 billion for investors in Nortel Networks, and recent settlements in *In re McKesson HBOC Inc. Securities Litigation* total over \$1 billion in monies recovered for investors. Additionally, the firm was lead counsel in the celebrated *In re Washington Public Power Supply System Litigation*, which, after seven years of litigation and three months of jury trial, resulted in what was then the largest securities fraud recovery ever – over \$750 million.

A leader in representing institutional shareholders in litigation arising from the widespread stock options backdating scandals of recent years, the firm recovered nearly \$920 million in ill-gotten compensation directly from former officers and directors in the *UnitedHealth Group, Inc. Shareholder Derivative Litigation*. The largest derivative recovery in history, the settlement is notable for holding individual wrongdoers accountable for their role in illegally backdating stock options, as well as for the company's agreement to far-reaching reforms to curb future executive compensation abuses. (Court approval of the recovery is pending.)

The firm's prosecution of Arthur Andersen LLP, for Andersen's role in the 1999 collapse of the Baptist Foundation of Arizona ("BFA"), received intense national and international media attention. As lead trial counsel for the defrauded BFA investors, the firm obtained a cash settlement of \$217 million from Andersen in May 2002, after six days of what was scheduled to be a three month trial. In combination with prospective BFA asset sales and a settlement with BFA's former law firm, it is expected that the over 11,000 retirees and investors will recover over 70% of their losses. The case was covered in great detail by *The Wall Street Journal*, *The New York Times*, *The Washington Post*, "60 Minutes II," National Public Radio, and the BBC, as well as various other international news outlets.

Equally important, Bernstein Litowitz Berger & Grossmann LLP has successfully advanced novel and socially beneficial principles by developing important new law in the areas in which we litigate.

The firm served as co-lead counsel on behalf of Texaco's African-American employees in *Roberts v. Texaco Inc.*, which similarly resulted in the largest settlement ever in a race discrimination case. The creation of a Task Force to oversee Texaco's human resources activities for five years was unprecedented and will, undoubtedly, serve as a model for public companies into the next century.

On behalf of twelve public pension funds, including the New York State Common Retirement Fund, CalPERS, LACERA, and other institutional investors, the firm successfully prosecuted *McCall v. Scott*, a derivative suit filed against the directors and officers of Columbia/HCA Healthcare Corporation, the subject of the largest health care fraud investigation in history. This settlement, announced in February 2003, included a landmark corporate governance plan which went well beyond all recently enacted regulatory reforms, greatly enhancing the corporate governance structure in place at HCA.

In the consumer field, the firm has gained a nationwide reputation for vigorously protecting the rights of individuals and for achieving exceptional settlements. In several instances, the firm has obtained recoveries for consumer classes that represented the entirety of the class' losses – an extraordinary result in consumer class cases. Additionally, the firm has become a leader in the area of Internet Privacy and is counsel in several of the seminal cases that have been brought on behalf of Internet users whose personal information is being intercepted and sent to Web-based companies.

Our firm is dedicated to litigating with the highest level of professional competence, striving to secure the maximum possible recovery for our clients in the most efficient and professionally responsible manner. In those cases where we have served as either lead counsel or as a member of plaintiffs' executive committee, the firm has recovered billions of dollars for our clients.

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

THE FIRM'S PRACTICE AREAS

Securities Fraud Litigation

Securities fraud litigation is the cornerstone of the firm's class action litigation practice. Since its founding, the firm has tried and settled many high profile securities fraud class actions and continues to play a leading role in major securities litigation pending in federal and state courts. Moreover, since passage of the Private Securities Litigation Reform Act of 1995, which sought to encourage institutional investors to become more pro-active in securities fraud class action litigation, the firm has become the nation's leader in representing institutional investors in securities fraud and derivative litigation.

The firm has the distinction of having prosecuted many of the most complex and high-profile cases in securities law history, recovering billions of dollars and obtaining unprecedented corporate governance reforms on behalf of our clients. Several of the firm's high-profile current prosecutions and outstanding accomplishments as class counsel are detailed in our Recent Actions and Significant Recoveries section beginning on page 8.

The attorneys in the securities fraud litigation practice group have extensive experience in the laws that regulate the securities markets and in the disclosure requirements of corporations that issue publicly traded securities. Many of the attorneys in this practice group also have accounting backgrounds and one is a certified public accountant. The group has access to state-of-the-art, online financial wire services and databases, which enable them to instantaneously investigate any potential securities fraud action involving a public company's debt and equity securities.

Corporate Governance and Shareholders' Rights

The corporate governance and shareholders' rights practice group prosecutes derivative actions, claims for breach of fiduciary duty and proxy violations on behalf of individual and institutional investors in state and federal courts throughout the country. The group has prosecuted actions challenging numerous highly publicized corporate transactions which violated fair process and fair price, and the applicability of the business judgment rule. The group has also addressed issues of corporate waste, shareholder voting rights claims, and executive compensation. As a result of the firm's high profile and widely recognized capabilities, the corporate governance practice group is increasingly in demand by institutional investors who are exercising a more assertive voice with corporate boards regarding corporate governance issues and the board's accountability to shareholders. A major component of the *Cendant* settlement referenced above is Cendant's agreement to adopt the most extensive corporate governance changes in history.

Recent examples of highly successful M&A litigation conducted by Bernstein Litowitz Berger & Grossmann include the widely publicized lawsuit arising from the proposed acquisition of Caremark Corp. by CVS Corp.—which led to an increase of approximately \$3.5 billion in the consideration offered to shareholders—as well as the lawsuit over an attempted buyout of Cablevision Corp. by its controlling family—which, although still ongoing, has resulted in an increase of over \$2.2 billion in the consideration currently on offer to Cablevision shareholders. The firm is actively involved in litigating numerous cases in this area of law, an area that has become increasingly important in light of efforts by various market participants to buy companies from their public shareholders “on the cheap.”

Employment Discrimination and Civil Rights

The employment discrimination and civil rights practice group prosecutes class and multi-plaintiff actions, and other high impact litigation against employers and other societal institutions that violate federal or state employment, anti-discrimination, and civil rights laws. The practice group represents diverse clients on a wide range of issues

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

including Title VII actions, race, gender, sexual orientation and age discrimination suits, sexual harassment and “glass ceiling” cases in which otherwise qualified employees are passed over for promotions to managerial or executive positions.

Bernstein Litowitz Berger & Grossmann LLP is committed to effecting positive social change in the workplace and in society. The practice group has the necessary financial and human resources to ensure that the class action approach to discrimination and civil rights issues is successful. This litigation method serves to empower employees and other civil rights victims, who are usually discouraged from pursuing litigation because of personal financial limitations, and offers the potential for effecting the greatest positive change for the greatest number of people affected by discriminatory practice in the workplace. As stated, the firm’s practice group recently settled the *Texaco* racial discrimination lawsuit for \$176 million, the largest settlement in the history of employment discrimination cases.

Consumer Advocacy

The consumer advocacy practice group at Bernstein Litowitz Berger & Grossmann LLP prosecutes cases across the entire spectrum of consumer rights, consumer fraud, and consumer protection issues. The firm represents victimized consumers in state and federal courts nationwide in individual and class action lawsuits that seek to provide consumers and purchasers of defective products with a means to recover their damages. The attorneys in this group are well versed in the vast array of laws and regulations that govern consumer interests and are aggressive, effective, court-tested litigators. The consumer practice advocacy group has recovered hundreds of millions of dollars for millions of consumers throughout the country. Most notably, in a number of cases, the firm has obtained recoveries for the class that were the entirety of the potential damages suffered by the consumer. For example, in recent actions against MCI and Empire Blue Cross, the firm recovered all of the damages suffered by the class. The group has achieved its successes by advancing innovative claims and theories of liabilities, such as obtaining decisions in Pennsylvania and Illinois appellate courts that adopted a new theory of consumer damages in mass marketing cases. Bernstein Litowitz Berger & Grossmann LLP is, thus, able to lead the way in protecting the rights of consumers. For example, the firm is a recognized leader in Internet privacy, where it prosecuted several seminal cases on behalf of Web users whose personal information has been unwittingly intercepted and sent to Internet companies in violation of federal statutes and state law.

THE COURTS SPEAK

Throughout the firm’s history, many courts have recognized the professional competence and diligence of the firm and its members. A few examples are set forth below.

Judge Denise Cote (United States District Court for the Southern District of New York) has noted, several times on the record, the quality of BLB&G’s ongoing representation of the Class in *In re WorldCom, Inc. Securities Litigation*. Judge Cote on December 16, 2003:

“I have the utmost confidence in plaintiffs’ counsel . . . they have been doing a superb job. . . . The Class is extraordinarily well represented in this litigation.”

In granting final approval of the \$2.575 billion settlement obtained from the Citigroup Defendants, Judge Cote again praised BLB&G’s efforts:

“The magnitude of this settlement is attributable in significant part to Lead Counsel’s advocacy and energy....The quality of the representation given by Lead Counsel...has been superb...and is unsurpassed in this Court’s experience with plaintiffs’ counsel in securities litigation. Lead Counsel has been energetic and creative.... Its negotiations with the Citigroup Defendants have resulted in a settlement of historic proportions.”

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

* * *

In February 2005, at the conclusion of trial of *In re Clarent Corporation Securities Litigation*, The Honorable Charles R. Breyer of the United States District Court for the Northern District of California praised the efforts of counsel: "It was the best tried case I've witnessed in my years on the bench....[A]n extraordinarily civilized way of presenting the issues to you [the jury]....We've all been treated to great civility and the highest professional ethics in the presentation of the case.... The evidence was carefully presented to you....They got dry subject matter and made it interesting... [brought] the material alive... good trial lawyers can do that.... I've had fascinating criminal trials that were far less interesting than this case. [I]t's a great thing to be able to see another aspect of life... It keeps you young...vibrant... [and] involved in things... These trial lawyers are some of the best I've ever seen."

* * *

In granting the Court's approval of the resolution and prosecution of *McCall v. Scott*, a shareholder derivative lawsuit against certain former senior executives of HCA Healthcare (formerly Columbia/HCA), Senior Judge Thomas A. Higgins (United States District Court, Middle District of Tennessee) said that the settlement "confers an exceptional benefit upon the company and the shareholders by way of the corporate governance plan. . . . Counsel's excellent qualifications and reputations are well documented in the record, and they have litigated this complex case adeptly and tenaciously throughout the six years it has been pending. They assumed an enormous risk and have shown great patience by taking this case on a contingent basis, and despite an early setback they have persevered and brought about not only a large cash settlement but sweeping corporate reforms that may be invaluable to the beneficiaries."

* * *

Judge Walls (District of New Jersey), in approving the \$3.2 billion *Cendant* settlement, said that the recovery from all defendants, which represents a 37% recovery to the Class, "far exceeds recovery rates of any case cited by the parties." The Court also held that the \$335 million separate recovery from E&Y is "large" when "[v]iewed in light of recoveries against accounting firms for securities damages." In granting Lead Counsel's fee request, the Court determined that "there is no other catalyst for the present settlement than the work of Lead Counsel. . . . This Court, and no other judicial officer, has maintained direct supervision over the parties from the outset of litigation to the present time. In addition to necessary motion practice, the parties regularly met with and reported to the Court every five or six weeks during this period about the status of negotiations between them. . . . [T]he Court has no reason to attribute a portion of the Cendant settlement to others' efforts; Lead Counsel were the only relevant material factors for the settlement they directly negotiated." The Court found that "[t]he quality of result, measured by the size of settlement, is very high. . . . The Cendant settlement amount alone is over three times larger than the next largest recovery achieved to date in a class action case for violations of the securities laws, and approximately ten times greater than any recovery in a class action case involving fraudulent financial statements. . . . The E&Y settlement is the largest amount ever paid by an accounting firm in a securities class action." The Court went on to observe that "the standing, experience and expertise of the counsel, the skill and professionalism with which counsel prosecuted the case and the performance and quality of opposing counsel were high in this action. Lead Counsel are experienced securities litigators who ably prosecuted the action." The Court concluded that this Action resulted in "excellent settlements of uncommon amount engineered by highly skilled counsel with reasonable cost to the class."

* * *

After approving the settlement in *Alexander v. Pennzoil Company*, the Honorable Vanessa D. Gilmore of the United States District Court for the Southern District of Texas ended the settlement hearing by praising our firm for the quality of the settlement and our commitment to effectuating change in the workplace. "... the lawyers for the plaintiffs ... did a tremendous, tremendous job. ... not only in the monetary result obtained, but the substantial and very innovative programmatic relief that the plaintiffs have obtained in this case ... treating people fairly and with respect can only inure to the benefit of everybody concerned. I think all these lawyers did an outstanding job trying to make sure that that's the kind of thing that this case left behind."

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

On February 23, 2001, the United States District Court for the Northern District of California granted final approval of the \$259 million cash settlement in *In re 3Com Securities Litigation*, the largest settlement of a securities class action in the Ninth Circuit since the Private Securities Litigation Reform Act was passed in 1995, and the fourth largest recovery ever obtained in a securities class action. The district court, in an Order entered on March 9, 2001, specifically commented on the quality of counsel's efforts and the settlement, holding that "counsel's representation [of the class] was excellent, and ... the results they achieved were substantial and extraordinary." The Court described our firm as "among the most experienced and well qualified in this country in [securities fraud] litigation."

* * *

United States District Judge Todd J. Campbell of the Middle District of Tennessee heard arguments on Plaintiffs' Motion for Preliminary Injunction in *Cason v. Nissan Motor Acceptance Corporation Litigation*, the highly publicized discriminatory lending class action, on September 5, 2001. He exhibited his own brand of candor in commenting on the excellent work of counsel in this matter: "In fact, the lawyering in this case... is as good as I've seen in any case. So y'all are to be commended for that."

* * *

In approving the \$30 million settlement in the *Assisted Living Concepts, Inc. Securities Litigation*, the Honorable Ann L. Aiken of the Federal District Court in Oregon, praised the recovery and the work of counsel. She stated that, "...without a doubt...this is a...tremendous result as a result of very fine work...by the...attorneys in this case."

* * *

The Honorable Judge Edward A. Infante of the United States District Court for the Northern District of California expressed high praise for the settlement and the expertise of plaintiffs' counsel when he approved the final settlement in the *Wright v. MCI Communications Corporation* consumer class action. "The settlement. . . is a very favorable settlement to the class. . . to get an 85% result was extraordinary, and plaintiffs' counsel should be complimented for it on this record. . . . The recommendations of experienced counsel weigh heavily on the court. The lawyers before me are specialists in class action litigation. They're well known to me, particularly Mr. Berger, and I have confidence that if Mr. Berger and the other plaintiffs' counsel think this is a good, well-negotiated settlement, I find it is." The case was settled for \$14.5 million.

At the *In re Computron Software, Inc. Securities Litigation* settlement hearing, Judge Alfred J. "I think the job that was done here was simply outstanding. I think all of you just did a superlative job and I'm appreciat[ive] not only for myself, but the court system and the plaintiffs themselves. The class should be very, very pleased with the way this turned out, how expeditiously it's been moved." *In re Computron Software, Inc. Securities Litigation* was a securities fraud class action filed on behalf of shareholders who purchased Computron common stock at inflated prices due to alleged misrepresentation about the company's financial obligation. The case settled for \$15 million dollars.

The *In re Louisiana-Pacific Corporation Securities Litigation*, filed in the United States District Court, District of Oregon, was a securities class action alleging fraud and misrepresentations in connection with the sale of defective building materials. BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

The Court there recognized that “. . . the work that is involved in this case could only be accomplished through the unique talents of plaintiffs’ lawyers . . . which involved a talent that is not just simply available in the mainstream of litigators.”

Judge Kimba M. Wood of the United States District Court for the Southern District of New York, who presided over the six-week securities fraud class action jury trial in *In re ICN/Viratek Securities Litigation*, also recently praised our firm for the quality of the representation afforded to the class and the skill and expertise demonstrated throughout the litigation and trial especially. The Court commented that “. . . plaintiffs’ counsel did a superb job here on behalf of the class. . . This was a very hard fought case. You had very able, superb opponents, and they put you to your task. . . The trial work was beautifully done and I believe very efficiently done. . .”

Similarly, the Court in the *In re Prudential-Bache Energy Income Partnership Securities Litigation*, United States District Court, Eastern District of Louisiana, recognized Bernstein Litowitz Berger & Grossmann LLP’s “. . . professional standing among its peers.” In that case, which was settled for \$120 million, our firm served as Chair of Plaintiffs’ Executive Committee.

In the landmark securities fraud case, *In re Washington Public Power Supply System Litigation* (United States District Court, District of Arizona), the district court called the quality of representation “exceptional,” noting that “[t]his was a case of overwhelmingly unique proportions. . . a rare and exceptional case involving extraordinary services on behalf of Class plaintiffs.” The Court also observed that “[a] number of attorneys dedicated significant portions of their professional careers to this litigation, . . . champion[ing] the cause of Class members in the face of commanding and vastly outnumbering opposition. . . [and] in the face of uncertain victory. . . . [T]hey succeeded admirably.”

Likewise, in *In re Electro-Catheter Securities Litigation*, where our firm served as co-lead counsel, Judge Nicholas Politan of the United States District Court for New Jersey said:

Counsel in this case are highly competent, very skilled in this very specialized area and were at all times during the course of the litigation...always well prepared, well spoken, and knew their stuff and they were a credit to their profession. They are the top of the line.

In our ongoing prosecution of the *In re Bennett Funding Group Securities Litigation*, the largest “Ponzi scheme” fraud in history, partial settlements totaling over \$140 million have been negotiated for the class. While the action continues to be prosecuted against other defendants, the United States District Court for the Southern District of New York has already found our firm to have been “extremely competent” and of “great skill” in representing the class.

* * *

Judge Sarokin of the United States District Court for the District of New Jersey, after approving the \$30 million settlement in *In re First Fidelity Bancorporation Securities Litigation*, a case in which we were lead counsel, praised the “. . . outstanding competence and performance” of the plaintiffs’ counsel and expressed “admiration” for our work in the case.

RECENT ACTIONS & SIGNIFICANT RECOVERIES

Currently, Bernstein Litowitz Berger & Grossmann LLP is counsel in many diverse nationwide class and individual actions and has obtained many of the largest and most significant recoveries in history. Some examples from our practice groups include:

Securities Class Actions

In re WorldCom, Inc. Securities Litigation -- (United States District Court for the Southern District of New York) The largest securities fraud class action in history. The court appointed BLB&G client the **New York State Common Retirement Fund** as Lead Plaintiff and the firm as Lead Counsel for the class in this securities fraud action arising from the financial fraud and subsequent bankruptcy at WorldCom, Inc. The complaints in this litigation allege that WorldCom and others disseminated false and misleading statements to the investing public regarding its earnings and financial condition in violation of the federal securities and other laws. As a result, investors suffered tens of billions of dollars in losses. The Complaint further alleges a nefarious relationship between Citigroup subsidiary Salomon Smith Barney and WorldCom, carried out primarily by Salomon employees involved in providing investment banking services to WorldCom (most notably, Jack Grubman, Salomon's star telecommunications analyst), and by WorldCom's former CEO and CFO, Bernard J. Ebbers and Scott Sullivan, respectively. On November 5, 2004, the Court granted final approval of the \$2.575 billion cash settlement to settle all claims against the Citigroup defendants. In mid-March 2005, on the eve of trial, the 13 remaining "underwriter defendants," including J.P. Morgan Chase, Deutsche Bank and Bank of America, agreed to pay settlements totaling nearly \$3.5 billion to resolve all claims against them, bringing the total over \$6 billion. Additionally, by March 21, 2005, the day before trial was scheduled to begin, all of the former WorldCom Director Defendants had agreed to pay over \$60 million to settle the claims against them. An unprecedented first for outside directors, \$24.75 million of that amount is coming out of the pockets of the individuals— 20% of their collective net worth. The case generated headlines across the country—and across the globe—and is changing the way Wall Street does business. In the words of Lynn Turner, a former SEC chief accountant, the settlement sent a message to directors "that their own personal wealth is at risk if they're not diligent in

their jobs." After four weeks of trial, Arthur Andersen, WorldCom's former auditor, settled for \$65 million. In July 2005, settlements were reached with the former executives of WorldCom, bringing the total obtained for the Class to over \$6.15 billion.

In re Cendant Corporation Securities Litigation -- (United States District Court, District of New Jersey) Securities class action filed against Cendant Corporation, its officers and directors and Ernst & Young, its auditors. Cendant settled the action for \$2.8 billion and Ernst & Young settled for \$335 million. The settlements are the third largest in history in a securities fraud action. Plaintiffs allege that the company disseminated materially false and misleading financial statements concerning CUC's revenues, earnings and expenses for its 1997 fiscal year. As a result of company-wide accounting irregularities, Cendant has restated its financial results for its 1995, 1996 and 1997 fiscal years and all fiscal quarters therein. The firm represents Lead Plaintiffs **CalPERS - the California Public Employees Retirement System**, the **New York State Common Retirement Fund** and the **New York City Pension Funds**, the three largest public pension funds in America, in this action.

Baptist Foundation of Arizona v. Arthur Andersen, LLP -- (Superior Court of the State of Arizona in and for the County of Maricopa) Firm client, the **Baptist Foundation of Arizona Liquidation Trust** ("BFA") filed a lawsuit charging its former auditors, the "Big Five" accounting firm of Arthur Andersen LLP, with negligence in conducting its annual audits of BFA's financial statements for a 15-year period beginning in 1984, and culminating in BFA's bankruptcy in late 1999. Investors lost hundreds of millions of dollars as a result of BFA's demise. The lawsuit alleges that Andersen ignored evidence of corruption and mismanagement by BFA's former senior management team and failed to investigate suspicious transactions related to the mismanagement. These oversights of accounting work, which were improper under generally accepted accounting principles,

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

allowed BFA's undisclosed losses to escalate to hundreds of million of dollars, and ultimately resulted in its demise. On May 6, 2002, after one week of trial, Andersen agreed to pay \$217 million to settle the litigation. The court approved the settlement on September 13, 2002 and, ultimately, investors are expected to recover 70% of their losses.

In re Nortel Networks Corporation Securities Litigation -- ("Nortel II") (United States District Court for the Southern District of New York) Securities fraud class action on behalf of persons and entities who purchased or acquired the common stock of Nortel Networks Corporation. The action charges Nortel, and certain of its officers and directors, with violations of the Securities Exchange Act of 1934, alleging that the defendants knowingly or, at a minimum, recklessly made false and misleading statements with respect to Nortel's financial results during the relevant period. BLB&G clients the Ontario Teachers' Pension Plan Board and the Treasury of the State of New Jersey and its Division of Investment were appointed as Co-Lead Plaintiffs for the Class, and BLB&G was appointed Lead Counsel for the Class by the court in July 2004. On February 8, 2006, BLB&G and Lead Plaintiffs announced that they and another plaintiff had reached an historic agreement in principle with Nortel to settle litigation pending against the Company for approximately \$2.4 billion in cash and Nortel common stock (all figures in US dollars). The Nortel II portion of the settlement totaled approximately \$1.2 billion. Nortel later announced that its insurers had agreed to pay \$228.5 million toward the settlement, bringing the total amount of the global settlement to approximately \$2.7 billion, and the total amount of the Nortel II settlement to over \$1.3 billion.

HealthSouth Corporation Bondholder Litigation -- (United States District Court for the Northern District of Alabama {Southern Division}) On March 19, 2003, the investment community was stunned by the charges filed by the Securities and Exchange Commission against Birmingham, Alabama based HealthSouth Corporation and its former Chairman and Chief Executive Officer, Richard M. Scrushy, alleging a "massive accounting fraud." Stephen M. Cutler, the SEC's Director of Enforcement, said "HealthSouth's fraud represents an appalling betrayal of investors." According to the SEC, HealthSouth overstated its earnings by at least \$1.4 billion since 1999 at the direction of Mr. Scrushy. Subsequent revelations have disclosed that the overstatement actually exceeded over \$2.4 billion, virtually wiping

out all of HealthSouth's reported profits for the last five years. A number of executives at HealthSouth, including its most senior accounting officers -- including every chief financial officer in HealthSouth's history -- have pleaded guilty to criminal fraud charges. In the wake of these disclosures, numerous securities class action lawsuits have been filed against HealthSouth and certain individual defendants. On June 24, 2003, the Honorable Karon O. Bowdre of the District Court appointed the **Retirement Systems of Alabama** to serve as Lead Plaintiff on behalf of a class of all purchasers of HealthSouth bonds who suffered a loss as a result of the fraud. Judge Bowdre appointed BLB&G to serve as Co-Lead Counsel for the bondholder class. On February 22, 2006, the RSA announced that it and several other institutional plaintiffs leading investor lawsuits arising from the corporate scandal at HealthSouth Corporation had reached a class action settlement with HealthSouth, certain of the company's former directors and officers, and certain of the company's insurance carriers. The total consideration to be paid in the settlement is approximately \$445 million. The action continues against the remaining defendants.

In re McKesson HBOC, Inc. Securities Litigation -- (United States District Court, Northern District of California) Securities fraud litigation filed on behalf of purchasers of HBOC, McKesson and McKesson HBOC securities. On April 28, 1999, the Company issued the first of several press releases which announced that, due to its improper recognition of revenue from contingent software sales, it would have to restate its previously reported financial results. Immediately thereafter, McKesson HBOC common stock lost \$9 billion in market value. On July 14, 1999, the Company announced that it was restating \$327.8 million of revenue improperly recognized in the HBOC segment of its business during the fiscal years ending March 31, 1997, 1998 and 1999. The complaint alleges that, during the Class Period, Defendants issued materially false and misleading statements to the investing public concerning HBOC's and McKesson HBOC's financial results, which had the effect of artificially inflating the prices of HBOC's and the Company's securities. On February 24, 2006, the court granted final approval of a \$960 million settlement which BLB&G and its client, Lead Plaintiff the **New York State Common Retirement Fund**, obtained from the company. On December 19, 2006, defendant Arthur Andersen agreed to pay \$72.5 million in cash to settle all claims asserted against it. On January 18, 2008, the court granted final approval of a \$10 million

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

settlement from remaining defendant Bear Stearns, bringing the total recovery to more than \$1.04 billion for distribution to eligible Settlement Class Members.

Ohio Public Employees Retirement System, et al. v. Freddie Mac, et al. -- (United States District Court for the Southern District of Ohio {Eastern Division}) Securities fraud class action filed on behalf of the **Ohio Public Employees Retirement System** and the **State Teachers Retirement System of Ohio** against the Federal Home Loan Mortgage Corporation ("Freddie Mac") and certain of its current and former officers. The Class includes all purchasers of Freddie Mac common stock during the period July 15, 1999 through June 6, 2003. The Complaint alleges that Freddie Mac and certain current or former officers of the Company issued false and misleading statements in connection with Company's previously reported financial results. Specifically, the complaint alleges that the defendants misrepresented the Company's operations and financial results by having engaged in numerous improper transactions and accounting machinations that violated fundamental GAAP precepts in order to artificially smooth the Company's earnings and to hide earnings volatility. On November 21, 2003, Freddie Mac restated its previously reported earnings in connection with these improprieties, ultimately restating more than \$5.0 billion in earnings. In October 2005, with document review nearly complete, Lead Plaintiffs began deposition discovery. On April 25, 2006, the parties reported to the Court that they had reached an agreement in principle to settle the case for \$410 million. On October 26, 2006, the Court granted final approval of the settlement.

In re Washington Public Power Supply System Litigation -- (United States District Court, District of Arizona) Commenced in 1983, the firm was appointed Chair of the Executive Committee responsible for litigating the action on behalf of the class. The action involved an estimated 200 million pages of documents produced in discovery; the depositions of 285 fact witnesses and 34 expert witnesses; more than 25,000 introduced exhibits; six published district court opinions; seven appeals or attempted appeals to the Ninth Circuit; and a three-month jury trial, which resulted in a settlement of over \$750 million -- then the largest securities fraud settlement ever achieved.

In re Lucent Technologies, Inc. Securities Litigation -- (United States District Court for the District of New Jersey) A securities fraud class action filed on behalf of purchasers of the common stock of

Lucent Technologies, Inc. from October 26, 1999 through December 20, 2000. In the action, BLB&G served as Co-Lead Counsel for the shareholders and Lead Plaintiffs, the **Parnassus Fund** and **Teamsters Locals 175 & 505 D&P Pension Trust**, and also represented the **Anchorage Police and Fire Retirement System** and the **Louisiana School Employees' Retirement System**. Lead Plaintiffs' complaint charged Lucent with making false and misleading statements to the investing public concerning its publicly reported financial results and failing to disclose the serious problems in its optical networking business. When the truth was disclosed, Lucent admitted that it had improperly recognized revenue of nearly \$679 million in fiscal 2000. On September 23, 2003, the Court granted preliminary approval of the agreement to settle this litigation, a package which is currently valued at approximately \$517 million composed of cash, stock and warrants. The appointment of BLB&G as Co-Lead Counsel is especially noteworthy as it marks the first time since the 1995 passage of the Private Securities Litigation Reform Act that a court has reopened the lead plaintiff or lead counsel selection process to account for changed circumstances, new issues and possible conflicts between new and old allegations.

In re Williams Securities Litigation -- (United States District Court for the Northern District of Oklahoma) Securities fraud class action filed on behalf of a class of all persons or entities that purchased or otherwise acquired certain securities of The Williams Companies. The action alleged securities claims pursuant to Section 10(b) of the Securities Exchange Act of 1934 and Section 11 of the Securities Act of 1933. After a massive discovery and intensive litigation effort, which included taking more than 150 depositions and reviewing in excess of 18 million pages of documents, BLB&G and its clients, the Arkansas Teacher Retirement System and the Ontario Teachers' Pension Plan Board, announced an agreement to settle the litigation against all defendants for \$311 million in cash on June 13, 2006. The recovery is among the largest recoveries ever in a securities class action in which the corporate defendant did not restate its financial results.

In re DaimlerChrysler Securities Litigation -- (United States District Court for the District of Delaware) A securities class action filed against defendants DaimlerChrysler AG, Daimler-Benz AG and two of DaimlerChrysler's top executives, charging that Defendants acted in bad faith and misrepresented the nature of the 1998 merger between Daimler-Benz AG and the Chrysler

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

Corporation. According to plaintiffs, defendants framed the transaction as a “merger of equals,” rather than an acquisition, in order to avoid paying an “acquisition premium.” Plaintiffs’ Complaint alleges that Defendants made this representation to Chrysler shareholders in the August 6, 1998 Registration Statement, Prospectus, and Proxy, leading 97% of Chrysler shareholders to approve the merger. BLB&G is court-appointed Co-Lead Counsel for Co-Lead Plaintiffs the **Chicago Municipal Employees Annuity and Benefit Fund** and the **Chicago Policemen’s Annuity and Benefit Fund**. BLB&G and the Chicago funds filed the action on behalf of investors who exchanged their Chrysler Corporation shares for DaimlerChrysler shares in connection with the November 1998 merger, and on behalf of investors who purchased DaimlerChrysler shares in the open market from November 13, 1998 through November 17, 2000. On August 22, 2003, BLB&G, as Co-Lead Counsel for Plaintiffs, obtained an

agreement in principle to settle the action for \$300 million.

In re Bennett Funding Group Securities Litigation

-- (United States District Court, Southern District of New York). Investor class action involving the sale of \$570 million in fraudulent investments, described as the largest “Ponzi” scheme in United States history. The action was prosecuted against over fifty defendants including Bennett’s former auditors, insurers and broker-dealers who sold Bennett investment. The class includes all purchasers of Bennett securities from March 29, 1992 through March, 29, 1996. The action settled with multiple defendants for over \$165 million.

Corporate Governance and Shareholders’ Rights

UnitedHealth Group, Inc. Shareholder Derivative Litigation -- (United States District Court, District of Minnesota) -- Shareholder derivative action filed on behalf of Plaintiffs the St. Paul Teachers’ Retirement Fund Association, the Public Employees’ Retirement System of Mississippi, the Jacksonville Police & Fire Pension Fund, the Louisiana Sheriffs’ Pension & Relief Fund, the Louisiana Municipal Police Employees’ Retirement System and Fire & Police Pension Association of Colorado (“Public Pension Funds”). The action is brought in the name and for the benefit of UnitedHealth Group, Inc.

(“UnitedHealth” or the “Corporation”) against certain current and former executive officers and members of the Board of Directors of UnitedHealth. It alleges that defendants obtained, approved and/or acquiesced in the issuance of stock options to senior executives that were unlawfully backdated to provide the recipients with windfall compensation at the direct expense of UnitedHealth and its shareholders. The firm recovered nearly \$920 million in ill-gotten compensation directly from the former officer defendants—the largest derivative recovery in history. The settlement is notable for holding these individual wrongdoers accountable for their role in illegally backdating stock options, as well as for the fact that the company agreed to far-reaching reforms to curb future executive compensation abuses. As feature coverage in *The New York Times* indicated, “investors everywhere should applaud [the UnitedHealth settlement]....[T]he recovery sets a

standard of behavior for other companies and boards when performance pay is later shown to have been based on ephemeral earnings.” (Court approval of the recovery is pending.)

McCall v. Scott -- (United States District Court, Middle District of Tennessee). A derivative action filed on behalf of Columbia/HCA Healthcare Corporation -- now “HCA” -- against certain former senior executives of HCA and current and former members of the Board of Directors seeking to hold them responsible for directing or enabling HCA to commit the largest healthcare fraud in history, resulting in hundreds of millions of dollars of loss to HCA. The firm represents the **New York State Common Retirement Fund** as Lead Plaintiff, as well as the **California Public Employees’ Retirement System (“CalPERS”)**, the **New York City Pension Funds**, the **New York State Teachers’ Retirement System** and the **Los Angeles County Employees’ Retirement Association (“LACERA”)** in this action. Although the district court initially dismissed the action, the United States Court of Appeals for the Sixth Circuit reversed that dismissal and upheld the complaint in substantial part, and remanded the case back to the district court. On February 4, 2003, the Common Retirement Fund, announced that the parties had agreed in principle to settle the action, subject to approval of the district court. As part of the settlement, HCA will adopt a corporate governance plan that goes well beyond the

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

requirements both of the Sarbanes-Oxley Act and of the rules that the New York Stock Exchange has proposed to the SEC, and also enhances the corporate governance structure presently in place at HCA. HCA also will receive \$14 million. Under the sweeping governance plan, the HCA Board of Directors will be substantially independent, and will have increased power and responsibility to oversee fair and accurate financial reporting. In granting final approval of the settlement on June 3, 2003, the Honorable Senior Judge Thomas A. Higgins of the District Court said that the settlement "confers an exceptional benefit upon the company and the shareholders by way of the corporate governance plan."

Official Committee of Unsecured Creditors of Integrated Health Services, Inc. v. Elkins, et al. -- (Delaware Chancery Court) The Official Committee of Unsecured Creditors (the "Committee") of Integrated Health Services ("HIS"), filed a complaint against the current and former officers and directors

of IHS, a health care provider which declared bankruptcy in January 2000. The Committee, on behalf of the Debtors Bankruptcy Estates, sought damages for breaches of fiduciary duties and waste of corporate assets in proposing, negotiating, approving and/or ratifying excessive and unconscionable compensation arrangements for Robert N. Elkins, the Company's former Chairman and Chief Executive Officer, and for other executive officers of the Company. BLB&G is a special litigation counsel to the committee in this action. The Delaware Chancery Court sustained most of Plaintiff's fiduciary duty claims against the defendants, finding that the complaint sufficiently pleaded that the defendants "consciously and intentionally disregarded their responsibilities." The Court also observed that Delaware law sets a very high bar for proving violation of fiduciary duties in the context of executive compensation. Resulting in a multi-million dollar settlement, the Integrated Health Services litigation was one of the few executive compensation cases successfully litigated in Delaware.

Employment Discrimination and Civil Rights

Roberts v. Texaco, Inc. -- (United States District Court for the Southern District of New York) Six highly qualified African-American employees filed a class action complaint against Texaco Inc. alleging that the Company failed to promote African-American employees to upper level jobs and failed to compensate them fairly in relation to Caucasian employees in similar positions. Two years of intensive investigation on the part of the lawyers of Bernstein Litowitz Berger & Grossmann LLP, including retaining the services of high level expert statistical analysts, revealed that African-Americans were significantly under-represented in high level management jobs and Caucasian employees were promoted more frequently and at far higher rates for comparable positions within the Company. Settled for over \$170 million. Texaco also agreed to a Task Force to monitor its diversity programs for five years. The settlement has been described as the most significant race discrimination settlement in history.

GMAC/NMAC/Ford/Toyota/Chrysler Consumer Finance Discrimination Litigation The cases involve allegations that the lending practices of General Motors Acceptance Corporation, Nissan Motor Acceptance Corporation, Ford Motor Credit, Toyota Motor Credit and Chrysler Financial cause black and Hispanic car buyers to pay millions of dollars more for car loans than similarly situated

white buyers. At issue is a discriminatory kickback system under which minorities typically pay about 50% more in dealer mark-up which is shared by auto dealers with the defendants. On February 24, 2003, the Honorable Todd J. Campbell of the States District Court for the Middle District of Tennessee granted preliminary approval of the settlement of the class action pending against Nissan Motor Acceptance Corporation ("NMAC"). Under the terms of the settlement, NMAC will offer pre-approved loans to hundreds of thousands of current and potential black and Hispanic NMAC customers, and will limit how much it raises the interest charged to car buyers above the company's minimum acceptable rate. The company will also contribute \$1 million to America Saves, to develop a car financing literacy program targeted toward minority consumers. The settlement also provides for the payment of \$5,000 to \$20,000 to the 10 people named in the class-action lawsuit. Other car buyers wishing to recover damages will still be able to sue NMAC separately. BLB&G continues to prosecute the actions against the other auto lenders.

Alexander v. Pennzoil Company -- (United States District Court, Southern District of Texas) A class action on behalf of all salaried African-American employees at Pennzoil alleging race discrimination in the Company's promotion, compensation and other

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

job related practices. The action settled for \$6.75 million.

Butcher v. Gerber Products Company -- (United States District Court, Southern District of New York) Class action asserting violations of the Age

Discrimination in Employment Act arising out of the mass discharging of approximately 460 Gerber sales people, the vast majority of whom were long-term Gerber employees aged 40 and older. Settlement terms are confidential.

Consumer Class Actions

E*Trade Group, Inc. -- (Superior Court of California, Santa Clara County) A class action filed on behalf of all individuals who have or had accounts with E*Trade from September 1996 to the present. The complaint alleges that E*Trade's representations to customers regarding the manner in which their accounts would be handled were false and misleading; that the electronic trading systems were inadequate to meet customer demands; and that, as a result of these misrepresentations, customers suffered significant losses and have been deprived of the benefits which E*Trade had represented they would receive.

General Motors Corporation -- (Superior Court of New Jersey Law Division, Bergen County) A class action consisting of all persons who owned W-body cars with defective rear disc brake caliper pins which tended to corrode, creating both a safety hazard and premature wearing of the front and rear disc brakes, causing extensive economic damage. BLB&G is co-lead counsel in this case where a proposed settlement would provide \$19.5 million to the class for reimbursement of brake repairs.

Rent-A-Center -- (Supreme Court of the State of New York, Bronx County) Deceptive sales and marketing in "rent-to-own" transactions. In this case, BLB&G recently obtained a landmark ruling upholding a rental-purchasers' right to bring suit.

Empire Blue Cross -- (United States District Court, Southern District of New York) Overcharging health care subscribers. BLB&G was lead counsel in a recently approved \$6.6 million settlement that represented 130% of the class' damages and offered all the overcharged subscribers 100 cents on the dollar repayment.

DoubleClick -- (United States District Court, Southern District of New York). Internet Privacy. A class action on behalf of Internet users who have had personal information surreptitiously intercepted and sent to a major Internet advertising agency. In the settlement agreement reached in this action, DoubleClick commits to a series of industry-leading privacy protections for online consumers while continuing to offer its full range of products and services. This is likely the largest class action there has ever been - virtually every, if not every, Internet user in the United States.

Toxic/Mass Torts

Fen/Phen Litigation ("Diet Drug" Litigation) -- -- (Class action lawsuits filed in 10 jurisdictions including New York, New Jersey, Vermont, Pennsylvania, Florida, Kentucky, Indiana, Arizona, Oregon and Arkansas) The firm played a prominent role in the nationwide "diet drug" or "fen-phen" litigation against American Home Products for the Company's sale and marketing of Redux and Pondimin. The suits allege that a number of pharmaceutical companies produced these drugs which, when used in combination, can lead to life-threatening pulmonary hypertension and heart valve thickening. The complaint alleges that these manufacturers knew of or should have known of the serious health risks created by the drugs, should have warned users of these risks, knew that the fen/phen combination was not approved by the FDA, had not been adequately studied, and yet was being routinely prescribed by physicians. This litigation led to one of the largest class action settlements in history, the multi-billion dollar Nationwide Class Action Settlement with American Home Products approved by the United States District Court for the Eastern District of Pennsylvania. In this litigation, BLB&G was involved in lawsuits filed in the 10 jurisdictions and was designated Class Counsel in the Consolidated New York and New Jersey state court litigations. Additionally, the firm was Co-Liaison Counsel in the New York litigations and served as the State Court Certified Class Counsel for the New York Certified Class to the Nationwide Settlement.

CHAD JOHNSON is involved in all areas of the firm's litigation practice, with particular emphasis on prosecuting securities fraud actions, complex commercial litigation, patent litigation, and trial practice.

Among other matters, Mr. Johnson was one of the partners who prosecuted the *WorldCom, Inc. Securities Litigation* – resulting in a recovery for investors of over \$6.15 billion after five weeks of trial. Mr. Johnson was primarily involved in dismantling the underwriters' due diligence defense in that case, which helped result in the multi-billion dollar recovery for investors.

Mr. Johnson was also the lead partner who oversaw the prosecution of the *Williams Securities Litigation*. Shortly before trial, BLB&G and the Lead Plaintiffs were able to obtain a total recovery of \$311 million on behalf of investors, including \$21 million from the company's auditor. This is among the largest recoveries ever achieved in a securities class action where the SEC did not obtain any recovery for investors.

BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP

Mr. Johnson is leading the firm's prosecution of the securities class action concerning allegations of fraud in Washington Mutual's home loan business. The case is being prosecuted on behalf of Lead Plaintiff, Ontario Teachers' Pension Plan Board, and a class of other investors. The complaint filed by BLB&G on behalf of Ontario Teachers is based on the results of one of the most wide-ranging and fruitful investigations conducted in this practice area. The complaint presents evidence gathered from eighty-nine (89) confidential witnesses and many previously-undisclosed documents obtained through BLB&G's investigation. The U.S. Attorney's Office for the Western District of Washington and a federal grand jury in Seattle are reportedly making use of the facts detailed in BLB&G's complaint in connection with their review of the wrongdoing at WaMu.

Mr. Johnson is also leading the firm's prosecution, along with co-counsel, of numerous patent litigations now pending against major electronics manufacturers including Nikon, Sharp, Samsung, LG.Philips, and others. These patent litigations relate to the technology used to manufacture flat panel displays, including LCD televisions. The revenues defendants are generating using the plaintiff's patented technology is in the billions of dollars per year. This litigation has been featured in an ABC News story, which included interviews with Mr. Johnson and the inventor of the technology.

Mr. Johnson is also overseeing the firm's prosecution of the federal derivative action against the individuals involved in the options backdating scandal at UnitedHealth Group, Inc. BLB&G represents several public pension funds, all of whom are Court-appointed Lead Plaintiffs in the case. Since the initiation of that lawsuit, the company has effectively acknowledged that it engaged in options backdating and the company's Chairman and CEO (and a recipient of hundreds of millions of dollars of apparently backdated stock options), William McGuire, has been forced out of the company because of his involvement in the scandal.

Prior to joining the firm, Mr. Johnson was a partner with Latham & Watkins, where he practiced for ten years. While with Latham & Watkins, he represented investment banks, accounting firms, law firms, boards of directors, patent holders, and both publicly and privately held companies. He has extensive experience in the areas of securities litigation, complex commercial litigation, patent litigation, and international arbitration. He has also handled a variety of matters before federal and state courts, as well as arbitration tribunals both in the United States and abroad, including the International Chamber of Commerce, the London Court of International Arbitration, the Netherlands Arbitration Institute, the Permanent Court of Arbitration, the American Arbitration Association, and JAMS/Endispute.

EDUCATION: University of Michigan, *with high distinction*; Angell scholar. Harvard Law School, *cum laude*; President of Harvard Law School Forum.

BAR ADMISSIONS: Illinois, District of Columbia, New York.

These cases allege that Citigroup and Merrill Lynch issued securities pursuant to prospectuses that were materially false and misleading in that they misrepresented the value of and exposure to mortgage related

Mr. Silk is also actively involved in the firm's prosecution of highly successful M&A litigation, representing shareholders in widely publicized lawsuits, including the litigation arising from the proposed acquisition of Caremark Rx, Inc. by CVS Corporation - which led to an increase of approximately \$3.5 billion in the consideration offered to shareholders.
